

# Pane Ganawejimaanaadaa Nibi

This ceremonial water walk is to forever protect the pure waters that flows underground known today as the Alliston Aquifer. One of the purest fresh-water resources on Earth. These waters flow underground on the territory of the people of Beausoleil First Nation in Pre-confederation Treaties 5 & 16.

We are calling upon proponents, stakeholders, grassroots citizens, community members and government officials to hold roundtable discussions for meaningful and peaceful resolution.

Site Proponents are encouraged to attend.
