Horning's Mills Community Centre

The Co-ordinated Land Use Planning Review

What does it mean to Dufferin?

Join us for the North Dufferin Agricultural and Community Taskforce (NDACT) AGM to learn more about the [Coordinated Land Review](#). This draft is a key piece of legislation in the protection of prime farmland and source water regions, a campaign NDACT has participated in since the defeat of the Highland Mega Quarry.

The review is open for public comments until Sept 30. NDACT has invited expert guests to outline the plan and explain what it means for Dufferin County and the [Food & Water First](#) campaign. Plus an update on the Bonnefield lands: How is farmland investment working.
