

Candidate Name: Mike Cadieux, candidate for Penetanguishene council

September 21, 2018

My upbringing is from an aboriginal culture - if you don't understand what that means or don't believe me you don't know me and I suggest you take the time to come and visit me at my place of business The Green Block Trading Post at 1 Water, Street.

I will tell you that everyone on council will support your ideas to get your vote. While in fact they have voted to destroy our lands and water in ways you will never understand unless you vote in someone who truly cares for our land. We dump too much waste on our land and water to tell anyone we care.

People in Penetanguishene need to be concerned of those on council for several years knowing full well of the damage we are doing but will tell you what you want to hear to just get elected at the cost of all taxpayers.
