

Candidate Name: Nina Bifulchi

Running for: Wasaga Beach mayor

October 3, 2018

As a past Chair of the Nottawasaga Valley Conservation Authority I can appreciate the environmental issues and concerns that are considered during development.

I believe we need a balanced approach to development respecting the legislation that is in place surrounding environmental issues.

As a member of a municipal council, I rely on the legislative role of the Conservation Authority to guide and advise us regarding development in, around and close to environmentally protected areas. The Conservation Authorities are the governing bodies who make these decisions.

My platform and thoughts for can be found on my website [ninabifulchi.ca](http://ninabifulchi.ca)
