**N.B: As this is a Word document, you can take as much space as you wish to respond.**

=====

1. AWARE Simcoe considers the preservation of farmland, the protection of water resources and natural heritage, and providing transparency and accountability in government decision making to be the primary issues of this election.

Our goal is to elect representatives who support those objectives. Do you agree with this?

ANSWER :One Hundred Percent

2. Do you feel there is a need to protect water, wetlands and recharge areas from development, aggregate extraction and other intrusive activities in your municipality? If so, how will you achieve this?

ANSWER : The Niagara Escarpment is one of our greatest Treasures and I plan to protect it.

3. Ancient deposits under the Simcoe Uplands in Simcoe County’s Tiny, Springwater, Oro-Medonte and Tay townships contain pristine groundwater.

This water is the purest water known to science, and is the gold standard for water worldwide, a national and global treasure.

Ongoing gravel pit extractions on French’s Hill, the water recharge area, now threaten to destroy this precious water. Will you work to protect this important local resource?

ANSWER :Yes, building up instead of out.

4. Do you support/oppose expansion of the Greenbelt into Simcoe County? In either case, please explain why.

ANSWER : Support. I have been a member of TD Friends of the environment for many years and plan to provide them with continuing planting and clean up opportunities in my Ward.

5. What are your plans to combat climate change in your municipality?

ANSWER : The continued use of and improvement of our local transit.

6. Every municipality in Ontario is faced with row-on-row sprawl-style development, and surrounding farmland is being destructively gobbled up with little regard for future agricultural needs. Ontario is losing 319 acres of farmland every day, it needs to be protected before it's too late. We need to ensure we have the land to grow food for today and future generations. Once it's paved over, it's gone forever!

How will you protect agricultural lands within your municipality?

ANSWER : Build up not out.

7. Simcoe County Council chose a county forest in Springwater Twp – zoned Agricultural, as the site for a (much needed) waste handling facility, the Environmental Resource Recovery Centre (ERRC). Many residents in Simcoe County objected to this location, pointing out that this is an industrial use and there are suitable properties zoned Industrial where the facility should be built. What is your view?

ANSWER : That it should be moved to a more suitable property

8. If elected, what are your top three priorities?

ANSWER

1. Improvement and clean up of our Rand Parks

2. Clean up of the corner of Highway 91 and 124 and leaving 91 open to traffic, other solutions put the Niagara Escarpment in danger and it needs protected.

3. Accessibility for our Small Halls.
