=====

1. AWARE Simcoe considers the preservation of farmland, the protection of water resources and natural heritage, and providing transparency and accountability in government decision making to be the primary issues of this election.

Our goal is to elect representatives who support those objectives. Do you agree with this?

ANSWER

Yes

2. Do you feel there is a need to protect water, wetlands and recharge areas from development, aggregate extraction and other intrusive activities in your municipality?

If so, how will you achieve this?

ANSWER

Yes

3. Ancient deposits under the Simcoe Uplands in Simcoe County’s Tiny, Springwater, Oro-Medonte and Tay townships contain pristine groundwater. This water is the purest water known to science, and is the gold standard for water worldwide, a national and global treasure. Ongoing gravel pit extractions on French’s Hill, the water recharge area, now threaten to destroy this precious water. Will you work to protect this important local resource?

ANSWER

Yes

4. Do you support/oppose expansion of the Greenbelt into Simcoe County? In either case, please explain why.

ANSWER

No. I don't believe we should be touching one of the world's greatest assets.

5. What are your plans to combat climate change in your municipality?

ANSWER

I will sit down and discuss with the top environmentalist who are not paid to say what they are told!

6. Every municipality in Ontario is faced with row-on-row sprawl-style development, and surrounding farmland is being destructively gobbled up with little regard for future agricultural needs. Ontario is losing 319 acres of farmland every day, it needs to be protected before it's too late. We need to ensure we have the land to grow food for today and future generations. Once it's paved over, it's gone forever!

How will you protect agricultural lands within your municipality?

ANSWER

I will speak loud and demand the truth!

7. Simcoe County Council chose a county forest in Springwater Twp – zoned Agricultural, as the site for a (much needed) waste handling facility, the Environmental Resource Recovery Centre (ERRC). Many residents in Simcoe County objected to this location, pointing out that this is an industrial use and there are suitable properties zoned Industrial where the facility should be built. What is your view?

ANSWER

8. If elected, what are your top three priorities?

ANSWER

For any other Questions I hope you will ask me to my face! Thank you very much!
